

RF FLAT TAG

**RF FLAT TAG in two versions
with PIN or LANYARD**

**RF FLAT TAG with pin or
integrated lanyard**

Specifications:

Frequency: 8,2 MHz

Weight of tag: 7 g with pin,
8 g with lanyard

Size of tag: 57 x 25 mm

Detaching: Tag can be
detached with standard
magnet detachers

Colour of tag: Black

Detection: Highest
detection through usage
of special coil

Due to the small size and light weight our RF TAG is qualified for securing products like:

- Shoes
- Children clothing
- Electrical items
- Do-it-yourself items (like tools)
- Lingerie / Underwear

Advantages against ferrit version:

- Detection in all positions
- Less in weight
